## DETAILED ACTION

### *Continued Examination Under 37 CFR 1.114*

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on October 4, 2007, has been entered. Claims 1-14 and 16-30 are pending.

### *Allowable Subject Matter*

2. Claims 1-14 and 16-30 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Applicant's arguments filed October 4, 2007, have been fully considered and are persuasive. The rejections under 35 U.S.C. § 103(a) are withdrawn. The prior art of record fails to expressly disclose or render obvious the recited two-level hardware abstraction and operational descriptions that invoke hardware access code segments in the context of a service processor (on a maintenance bus), as recited in independent claims 1 and 16. Claims 2-14 and 17-30 are considered allowable at least by virtue of their dependence from allowable claims 1 and 16.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
